COLLECTIVE

mini IVs

supercharge mini

A simple boost of energy with a B Complex and Vitamin C, packing into an efficient small bag.

big chill mini

Feeling stressed or anxious? This bag contains a blend of calming nutrients to help calm the nervous system so that you can chill out and escape the tension.

get over it mini

This bag is made to help you get over viral or bacterial infections as it contains immune supporting therapies such as Vitamin C, Zinc, and Selenium.

go with the flow mini

A girl's best friend to help ease symptoms. Formulated with high-dose magnesium and B vitamins, this bag is designed for PMS or period cramps.

relief mini

Don't get sidelined by a headache again. This drip can help decrease a headache as it's happening, or when used regularly, decrease the frequency of chronic headaches.

complete IVs

supercharge

Feeling tired, burnt-out, or on your way there? Restore your energy with B vitamins and a host of nutrients to support the adrenals.

good to glow

Give your skin a glowing boost. This bag is focused on nutrients to promote healthy glowing skin from the inside out.

immunity

When getting sick and taking time off your busy life is not an option, give your body the fuel it needs to stay healthy and on the go.

travel bug

Whether you have a single flight booked or you're always traveling, make sure you have a great trip without getting sick on the plane.

happy mama

Stay hydrated and safely get the nutrients your body is craving while getting some relief from fatigue.

the pro

From a 5K to a marathon or athletic competition, sports at any level can leave your body depleted. This drip is designed to maximize your performance.

the healer

A specially formulated IV designed to enhance wound and surgical recovery.
